STREET REHABILITATION FOR CARTHAGE AND HARTWELL

WHAT/WHEN: Street rehabilitation work will begin in Carthage and Hartwell the **first week in July**. Crews of **Adleta, Incorporated** will resurface and reconstruct numerous neighborhood streets and replace deteriorated curbs and inlets. **This work will end by October 2004**. Crews will complete the rehabilitation in phases, and may close streets to through traffic. Motorists must also observe parking restrictions.

The Department of Transportation and Engineering oversees the rehabilitation and improvement of streets in the City of Cincinnati. The Department is also responsible for transportation planning, design, engineering services, structural and geotechnical services, right of way regulation, and construction management. It is the clearinghouse for all City and regional transportation functions, including serving as a liaison to the Southwest Ohio Regional Transit Authority. For more information about our department, visit www.rcc.org/transeng.
